DETAILED ACTION

1. This is in response to the Applicant's arguments and amendments filed on March 20, 2006 in which claims 3, 9, 11, and 12 have been amended, and claims 13-17 have been added. Claims 2, 3, 5-17 are currently pending.

Response to Arguments

2. Applicant's arguments filed 3/20/06 have been fully considered but they are not persuasive.

The Applicant argues that Raith in view of Zyren does not specifically teach 3, 9, and 11. Therefore, the 103 rejection is moot in view of the Applicant's argument in page 7-10 of the Remarks.

The Applicant further argues that the double patenting rejection should be withdrawn in view of the Applicant's amendment. However, the Examiner disagrees with the preceding arguments. The "639 application" now patent no. 7,010,298 in view of the applied references discloses the claimed invention as recited in the previous Office Action except that substantially simultaneously receiving radio frequency signals of substantially the entire band of the wireless LAN. However, the preceding limitation is not sufficient enough to overcome the double patenting rejection (see claims 5, 7, 23, and 25 of US Patent 7,010,298. Therefore, the double patenting rejection of claims 2, 3, and 5-17 are maintained and the rejection is final.

Conclusion

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
